

Chris Lloyd Chair of Trustees visit to Kasese August 2011

Chris Lloyd spent 5 days working with the project this year, at the end of a sponsored trek in the Rwenzori Mountains which raised £2,500 for the project.

Chris helped to distribute some of the 85,000 slates which are still stored in Kasese to schools

Here he is giving slates to the headteacher of St Barnabas School Kinyamaseke

... and here to the headteacher of Kamaiba School in Kasese town

He also attended a Management Committee meeting, visited 10 more schools at various stages of developing twinning links with schools in the UK, and met with Kasese Rotarians to discuss a potential Rotary International 'Books for Schools' project to develop fledgling libraries in Kasese district primary schools.
